Jamb Enforcer

Triple the strength of your door jamb!

84% of all breaking & entering violations are attributed to door casing failure.*

Jamb failure with minimal force to door without Jamb Enforcer installed.

Eliminate Door Jamb Failure!

Maximum security eliminates Jamb failure after Jamb Enforcer is installed, tested to resist 300 pounds of force.

Jamb Enforcer turns the lock-side wood casing of your door into a steel frame, tripling it's strength!

* FBI Uniform Crime Report

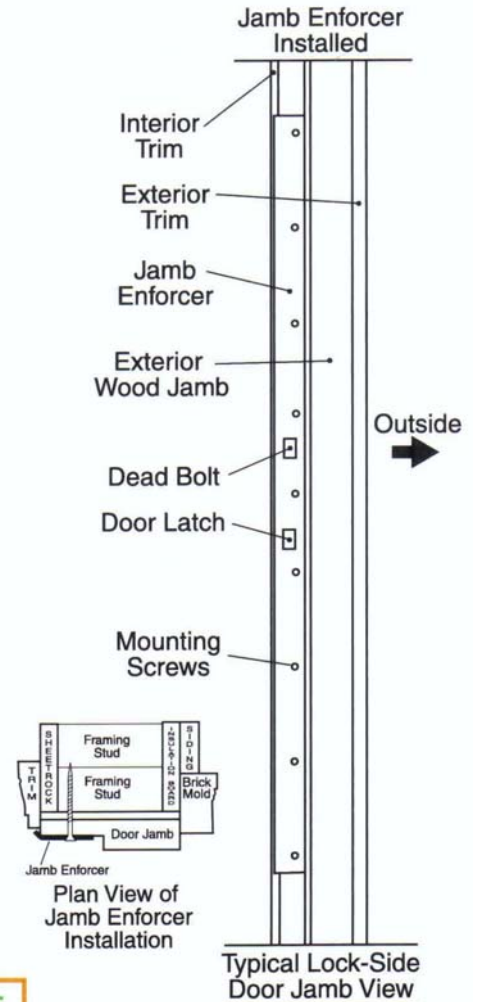

Jamb Enforcer installs on lock side jamb

Fits any standard door with 5.5" center distance between door latch and dead-bolt

Quickly installs to provide maximum security with 4-feet of 14-gauge powder coated steel

OUR GUARANTEE
The Jamb Enforcer will eliminate jamb failure. Call for details.
